

Instalação do Zigbee2MATT

Usa as instruções de instalação no Linux e segue sempre as opções do Ubuntu
Instala o Mosquitto

<https://www.zigbee2mqtt.io/guide/getting-started/#installation>

https://www.zigbee2mqtt.io/guide/installation/01_linux.html

Aqui usa o

```
sudo curl -fsSL https://deb.nodesource.com/setup_20.x | sudo -E bash -
```

em vez do que está em baixo.

```
1  # Set up Node.js repository and install Node.js + required dependencies
2  # NOTE 1: Older i386 hardware can work with [unofficial-builds.nodejs.org](https://
3  # NOTE 2: For Ubuntu see tip below
4  sudo curl -fsSL https://deb.nodesource.com/setup_16.x | sudo -E bash -
5  sudo apt-get install -y nodejs git make g++ gcc
6
7  # Verify that the correct nodejs and npm (automatically installed with nodejs)
8  # version has been installed
9  node --version # Should output V16.x, V17.x, V18.X or V20.X
10 npm --version # Should output 6.X, 7.X or 8.X
11
12 # Create a directory for zigbee2mqtt and set your user as owner of it
13 sudo mkdir /opt/zigbee2mqtt
14 sudo chown -R ${USER}: /opt/zigbee2mqtt
15
16 # Clone Zigbee2MQTT repository
17 git clone --depth 1 https://github.com/Koenkk/zigbee2mqtt.git /opt/zigbee2mqtt
18
19 # Install dependencies (as user "pi")
20 cd /opt/zigbee2mqtt
21 npm ci
22
23 # Build the app
24 npm run build
```

https://www.zigbee2mqtt.io/guide/installation/01_linux.html#optional-running-as-a-daemon-with-systemctl

<https://github.com/nodesource/distributions#debian-and-ubuntu-based-distributions>

Add new devices -

They have to be paired, by entering in a setup mode

Any device, supported or not can be paired

https://www.zigbee2mqtt.io/advanced/support-new-devices/01_support_new_devices.html

Network config

Allows to define panID, channel and to allow/deny new device join

<https://www.zigbee2mqtt.io/guide/configuration/zigbee-network.html>

Activate frontend

<https://www.zigbee2mqtt.io/guide/configuration/frontend.html>

Sniff Zigbee traffic

Precisa flasher com hex que vem do pacote packet-sniffer da Texas

https://www.zigbee2mqtt.io/advanced/zigbee/04_sniff_zigbee_traffic.html

OU

<https://community.oh-lalabs.com/t/guide-build-a-zigbee-cc2531-sniffer-how-to-use-it/469>

```
pasg@orangezero:/opt/zigbee2mqtt$ npm start
```

```
> zigbee2mqtt@1.33.2 start
> node index.js
```

```
Zigbee2MQTT:info 2023-11-07 17:25:25: Logging to console and directory: '/opt/zigbee2mqtt/data/log/2023-11-07.17-25-25' filename:
